Dear Mr. Bergreen:

Americas Styrenics, LLC – Marietta Facility is submitting this letter in response to the OEPA letter dated August 29, 2017 which requested an update on RCRA Corrective Actions (CA) at the Marietta site. Union Carbide Corporation is managing the only active remediation projects at the Marietta site under the CERCLA program. Based on available information, Americas Styrenics developed the attached table to provide a status update on previously identified solid waste management units (SWMU) at the Marietta site.

Sincerely,

Jonathan Kammerer
